

Divisible mini/micro duct seal 5mm

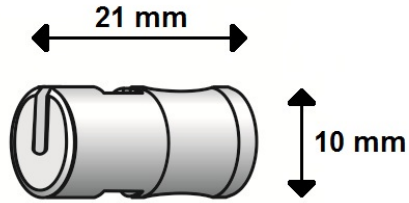

For easy gas- and watertight sealing of cables in miniducts. The miniduct seal is easy to mount on new installations and existing installations. Thanks to the clever design, shifting the seal over the fiber now belongs to the past. Due to the compact design this seal can be installed in every situation, even in locations with difficult access.

Features

- Gas- and water tight up to 0,5 bar
- Suitable for retro fitting
- Easy installation
- No need to slide the seal over the glass fibre for installation
- Slim design
- Other versions available upon request

Divisible mini/micro duct seal 5mm
