GOLD SUPPORT PLAN COVERAGE

Calibration with Refurbishment and Scheduled Loaner Units

Don't risk rejection of results by using an out-of-calibration tester. Gold support includes one calibration and factory refresh per year at no charge at any of our worldwide Authorized Fluke Service Centers. And by scheduling your calibration in advance (six to eight weeks required), you'll receive a loaner unit, eliminating any downtime (available in most regions).

If damage is found during calibration, the Gold support program will make necessary repairs to refurbish the module before calibrating it. Scratched Fiber ports, for example, are repaired before calibration. This proactive Gold coverage benefit helps avoid a repair later.

Your units will be precisely calibrated to factory specifications (traceable calibration certificate provided – calibration data is available at additional charge) using the full battery of proprietary Fluke Networks test procedures, adjusted/repairs as necessary with genuine repair parts, and software/firmware updates applied. Typical turnaround time for a calibration is ten working days. If a loaner is not required or calibration cannot be scheduled in advance, Gold customers may opt to instead receive a shipping waybill plus Gold priority for reduced turnaround time.

Repair with Loaner Units

Unlimited, no-hassle, no-charge repair services including labor, parts and shipping with Gold priority. A loaner unit or replacement unit will be provided during repair to minimize downtime (available in most regions).

Discounts and Promotions

Special discounts may be offered to Gold customers on new products, enhancements, online training, and refurbished equipment.

Accessories

Parts and accessories that shipped with your unit and have been qualified as defective or faulty by our technical assistance center will be replaced free of charge during the term of your Gold Support agreement.

Product	Covered Accessories (limitations apply)
DSX CableAnalyzer™ Series	Batteries, Channel adapters, Universal Permanent Link Adapters (1 set per year), chargers, cables, AxTalk Terminators (1 set per year), carrying case, headsets
OptiFiber™ Pro OTDR	Interchangeable port adapters, USB interface cable, Launch fibers (1 per year), adaptors, batteries, chargers, carrying case
CertiFiber™ Pro	Interchangeable port adapters, USB interface cable, Encircled Flex TRCs set of 4 TRCs (1 per year), adaptors, batteries, chargers, carrying case

24x7 Technical Support

Your technicians can call us from your job site after hours and on weekends to help them with questions. Gold support plan customers are provided with direct priority phone numbers to our world-class Technical Assistance Centers (TAC).

Easy Access to Gold Entitlements

Upon purchase, your company will receive a unique Gold Number and PIN for secure access to your online Gold account.
